**SPORTSMAN**

## 60 YEARS OF LEADING PERFORMANCE.

For six decades, we've created a legacy of quality products driven by innovation. We've engineered and developed the hardest working and the smoothest riding vehicles on the market. With this history of excellence and an unmatched understanding of what it takes to get the job done, we've created a complete lineup of gas, diesel and electric vehicles purpose-built to maximize productivity — not to mention your bottom line.

**BRUTUS****RANGER****SPORTSMAN**

## HARDEST WORKING, SMOOTHEST RIDING.®

With industry-leading power and payload across nearly every vehicle, it's no surprise that our vehicles feature fully adjustable, independent suspensions with proven all-wheel drive systems and Certified ROPS cab frames. And because no two applications are the same, we offer a complete line of Polaris® Engineered Parts and Accessories fit to match your exact needs.

START REVOLUTIONIZING THE WAY YOU DO BUSINESS AT [POLARIS.COM/COMMERCIAL](https://www.polaris.com/commercial)

# DELIVERING A BETTER WAY TO WORK.

When the work absolutely needs to get done, you absolutely need to have Polaris® Commercial. With a full fleet of hard-working, purpose-built utility and transport vehicles, we offer a solution for virtually any job site demand. Engineered with an unmatched combination of power, productivity and reliability, Polaris® gets the jobs done like no other vehicles in the world.

**BRUTUS**

**MORE VERSATILE.  
MORE CAPABLE.  
MORE COMFORTABLE.**

**STRENGTH IN ONE.**

Every job is different. Every day brings a new set of challenges. And, of course, the elements can be unforgiving. But no matter what the task, regardless of the conditions, there is a machine that flat out gets the jobs done. Polaris® BRUTUS® is the most versatile, most capable and most comfortable side x side utility vehicle ever created. Like no utility vehicle before it, BRUTUS® offers the ability to sweep, mow, blow, lift, plow, scoop and haul — all with one machine. Combined with the superior durability and premium ride that find their way into every Polaris® vehicle, it's not just a jack of all trades, it's a master of them.

**DIESEL ENGINE WITH HYDROSTATIC TRANSMISSION**

An isolation-mounted, fuel-efficient, 24 HP diesel engine and hydrostatic transmission combine to deliver low vibration, lower-speed torque and plenty of horsepower to get the jobs done.

**SUPERIOR CARGO STORAGE**

The pallet-sized rear cargo box carries up to 1250 lb and features multiple tie-down points to secure cargo. There's also plenty of room to stow your tools, gloves and other work site necessities in ample under-seat and in-dash storage.

**ONE-TON TOWING**

Move more cargo in less time with the ability to tow up to 2000 lb — far more than the competition.

**HYDRAULIC AND PTO-POWERED ATTACHMENTS**

The ultimate in job site productivity, BRUTUS® HD and BRUTUS® HDPTO come ready to work with a full lineup of purpose-built, front-end attachments.

**ALL-SEASON CLIMATE CONTROL**

Available in-dash heat, defrost and air conditioning work in conjunction with a fully-enclosed, factory-installed cab to keep the operator comfortable, and thus more productive, in a variety of weather conditions.

ALL-SEASON CLIMATE CONTROL

**TREADLE PEDAL**

Like nothing else in its category, BRUTUS® allows you to travel in forward or reverse with a single pedal, without ever shifting gears or taking your hands off of the steering wheel.

TREADLE PEDAL

**ON-DEMAND TRUE ALL-WHEEL DRIVE**

True AWD keeps BRUTUS® moving, automatically engaging all four wheels when it needs more forward traction and reverting back to 2WD when it doesn't. When in 2WD, the VersaTrac Turf Mode switch allows you to unlock the rear differential for easier, tighter turns without tearing up turf.

**GET THE JOBS DONE.**

**NO OTHER SIDE x SIDE UTILITY VEHICLE IS CAPABLE OF DOING AS MUCH WORK AS BRUTUS®.** These integrated, purpose-built front-end attachment options transform this already hard-working vehicle into an entire fleet of commercial machines, allowing you to dominate your to-do list like never before.

BRUTUS®  
(With Cab, Heat and A/C)

BRUTUS® HD

BRUTUS® HDPTO

**69" SNOW BLADE**

Clear safe pathways for pedestrians and motorists in a variety of settings: private residences, commercial lots, sidewalks.

**PALLET FORKS**

Move pallets, bulk materials, bagged items and more around the job site with these adjustable, 450 lb-capacity pallet forks.

**62" MATERIALS BUCKET**

Haul up to 500 lb of loose material, including mulch, seed, hay, soil or whatever your job demands.

**66" FINISHING MOWER**

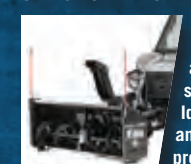

Ideal for any application where a finishing cut is needed on large, open lawns.

**70" ANGLE BROOM**

Clear slush, leaves, gravel and other debris from walkways, parking lots or any other paved surface.

**62" SNOW BLOWER**

Two-stage snow blower features auxiliary, in-cab snow shoot adjustment. Ideal for both private and commercial properties.

 RANGER® MID-SIZE MODELS: 500 LB

# WHEN IT MATTERS MOST. MORE POWER. MORE CAPABILITIES. MORE OF WHAT YOU NEED.

POLARIS® PROSTAR® 900 TWIN EFI

### STRONG, POWERFUL ENGINES

Choose from gas engines up to 60 HP, a 30 HP AC electric motor or a fuel-efficient, high-torque diesel. Use their incredible power to tackle the toughest jobs and the most rugged terrain.

### ON-DEMAND TRUE ALL-WHEEL DRIVE

This hallmark Polaris® feature takes the worry out of getting to your location. True AWD keeps your vehicle moving, automatically engaging all four wheels when it needs more forward traction and reverting back to 2WD when it doesn't.

### SUPERIOR COMFORT AND ERGONOMICS

Cab ergonomics deliver outstanding driver and passenger comfort. Features include available tilt steering with the highest range of motion (10") and available sliding seat to accommodate drivers of all sizes. Full-size models seat three comfortably with ample leg room.

### HIGHEST CARGO CAPACITY

Full-size models hold a pallet and carry up to 1000 lb in the box. Features multiple tie-down points to secure cargo and gas-assist for easy dumping.

### UP TO ONE-TON TOWING

Only RANGER® gives you the strength to tow up to 2000 lb behind full-size models, and up to 1250 lb behind mid-size models. That's industry-leading pulling power.

### LOCK & RIDE® ACCESSORY SYSTEM

This exclusive cargo system accommodates many hard-working accessories that go on and off in seconds.

### AVAILABLE ELECTRONIC POWER STEERING

In 2-wheel and 4-wheel drive, steering is easy and handling is smooth on uneven terrain. Available Electronic Power Steering (EPS) features variable assist for easy, low-speed steering and greater responsiveness at higher speeds for all-day riding with less fatigue.

### ADJUSTABLE SUSPENSION FOR HEAVY LOADS

On all full-size and CREW 800 models, you can adjust the top mounting points of the shock at all four corners. That stiffens the suspension for easy hauling and a smooth, controlled ride when moving heavy loads.

### INDEPENDENT REAR SUSPENSION (IRS)

All models feature legendary Polaris® IRS. It keeps the ride smooth over rough terrain, with the longest travel (up to 10") and the highest ground clearance (up to 12").

# HARDEST WORKING, SMOOTHEST RIDING.®

It's easy moving from site to site with the Polaris® RANGER® thanks to strong, powerful engines and a smooth ride delivered by on-demand true all-wheel drive and independent rear suspension. When you add up to one-ton of towing power, you can get any job done with the RANGER®. The all-new ProStar™ 900 Twin EFI engine features 60 HP, pumping out incredible, class-leading torque and pulling power.

[POLARIS.COM/COMMERCIAL](http://POLARIS.COM/COMMERCIAL)

INTRODUCING THE ALL-NEW GEM® eM™1400. A RUGGED OFF-ROAD UTILITY VEHICLE CAPABLE OF HAULING UP TO 1400 LB PAYLOAD.

# ELECTRIC PERFORMANCE THAT MOVES YOU.

Whether transporting passengers, moving cargo or performing essential tasks, Polaris® GEM® compact electric vehicles set the benchmark for the competition. Designed with meticulous attention to detail and engineered for high-performance reliability, these on-road\*and off-road, all-electric transport and utility vehicles are purpose-built to get the job done right.

## LET GEM® WORK FOR YOU.

### ALL-ELECTRIC

- Zero emissions
- Cleaner, quieter ride
- Easy to maintain
- Less than \$0.03/mile to operate

### COMPLETELY CUSTOMIZABLE

A full offering of custom accessories allows you to build your GEM® vehicle to your needs and the demands of your job site tasks.

### SUPERIOR PAYLOAD CAPACITY

You don't have to sacrifice power when you choose electric. GEM® vehicles can move cargo with the best of them with a payload capacity of up to 1450 lb.

### DESIGNED FOR WORK

Compact and easy to maneuver in tight spaces, yet rugged enough to get the job done, GEM® vehicles are built to tackle the gamut of tasks.

### ULTIMATE RIDING EXPERIENCE

Whether you're transporting two, four or six passengers, GEM® keeps ride quality top of mind with ample legroom, plenty of headspace, comfortable seating and independent suspension.

### STREET-LEGAL\*

Headlights, directionals and three-point seat belts make GEM® safe and street-legal, taking you places other passenger and utility vehicles can't go.

### POLARIS® QUALITY

Backed by 60 years of Polaris® performance and innovation, GEM® delivers an unmatched user experience that you can count on. Every GEM® vehicle includes a 2-year vehicle protection plan.

### THE PERFECT VEHICLE FOR:

- Student & Guest Transportation
- Police & Security Control
- Valet & Customer Service
- Groundskeeping
- Facility Maintenance
- Indoor Warehouse
- Housekeeping & Hospitality
- Emergency Service

\*Polaris® LSVs comply with the NHTSA Low Speed Vehicles rules and regulations and can be operated on many streets with posted speed limits of 35 mph or less. Check local laws regarding street use and vehicle equipment requirements. Street-legal claim excludes eM1400 model.

**SPORTSMAN**

**SPORTSMAN® WV 850**  
(With TerrainArmor™ Non-Pneumatic Tires)

**POWER FOR THE JOB.  
COMFORT FOR THE ENTIRE DAY.**

Designed to move you quickly and comfortably around any job site, the Polaris® Sportsman® can tackle any terrain. Thanks to superior ground clearance, on-demand true all-wheel drive and the exclusive Polaris® Lock & Ride® accessory system, the Sportsman® isn't just a machine that gets work done — it makes it look easy.

**HARDEST WORKING.**

**SMOOTHEST RIDING.**

**STRONG, POWERFUL ENGINES**

From our 400 H.O. to our most powerful, high-output 850 H.O. Twin EFI, Polaris® engines feature strong smooth power delivery and class-leading acceleration and torque.

**DURABLE FRONT AND REAR RACKS**

You've got gear. With a rack capacity totaling up to 360 lb, Sportsman® helps you get it out where you need it with secure tie-down points.

**UP TO 3/4-TON TOWING**

Sportsman® gives you the strength to tow up to 1500 lb behind all models with 550cc or larger engines. Up to 1225 lb on other models. That's true pulling power.

**ON-DEMAND TRUE ALL-WHEEL DRIVE**

This hallmark Polaris® feature takes the guesswork out of getting through difficult terrain. True AWD keeps you moving, automatically engaging all four wheels when you need more forward traction and reverting back to 2WD when you don't.

**DUAL A-ARM INDEPENDENT REAR SUSPENSION (IRS)**

All Sportsman® models feature legendary Polaris® IRS. It keeps the ride smooth over rough terrain with suspension travel up to 10.25".

**SUPERIOR GROUND CLEARANCE**

With up to 12" of ground clearance, Sportsman® clears rocks, logs and stumps instead of having to go around them.

**ALL-NEW SPORTSMAN® ACE™**

Equipped with a fuel efficient 32 HP ProStar Engine with smooth throttle response and 5.25 gallon fuel capacity, the Sportsman® Ace™ can carry up to 360 lb of gear with front racks and rear cargo bed and tow up to 1500 lb. Features like the ROPS cab frame, side nets and automotive-style controls give you the confidence you need to get the job done.

**SPORTSMAN® 570**

**SPORTSMAN® 550**

**SPORTSMAN® X2 550**
