THE JOURNEY TO EXTREME

THE JOURNEY TO EXTREME

# DESIGNED

ONLY POLARIS ENGINEERED ACCESSORIES are conceived, designed and fabricated in lockstep with the Polaris RZR® development process. As the vehicle progresses from concept to production, so do the accessories. This ensures a perfect fit and optimal performance.

# TESTED

THE POLARIS® TESTING PROCESS is rigorous and unforgiving. We put every vehicle and accessory through extreme-use conditions both in the lab and in the field-in all environments, and in locations spanning the continent. If it doesn't pass our standards, it's not ready for your Polaris® vehicle. Only the best accessories make it to production.

# P&LARIS®

ENGINEERED PARTS ACCESSORIES & APPAREL

# TRUSTED

DEVELOPING THE BEST, MOST PREMIUM accessories in the industry is our passion. Only Polaris® can combine decades of industry-leading experience, innovation and off-road expertise. Have confidence in your Polaris Engineered Accessories, because we know the lifestyle and live it every day.

#### **POLARIS® PARTNERS** WITH THE BEST

We choose our partners carefully, selecting only the best in off-road. Every accessory is rigorously tested and validated at Polaris® standards to ensure seamless integration and performance.

#### RUGGED STYLING, DURABLE CONSTRUCTION

Pro Armor® lights are designed to be big and beefy with an aggressive style all their own. Housed in IP67 marine-grade rated UV Polyester powder-coated with precision-cast end panels and oversized, extruded aluminum heat sinks to keep the temperature down.

#### EXCLUSIVE OPTICS

Counting up to 66 3-5 watt CREE® LEDs, Pro Armor® builds bright lights designed for any riding experience. All that power is directed through heat-dissipating aluminum printed circuit boards for streamlined heat management.

#### **DUAL-ROW LED LIGHT BARS**

For the most spread and the farthest illumination downrange,
Pro Armor® Dual-Row Light Bars are easy to mount and perform
beyond expectations, Choose from several lengths and configurations.

#### **CUBE LIGHTS**

Small and powerful, these cube lights can be mounted in strategic locations for added lighting.

#### **SINGLE-ROW LED LIGHT BARS**

Powerful and compact, these low-profile light bars look sleek and let you light up the night. Choose from several lengths and configurations to extend your ride.

When you research audio solutions for your Polaris RZR®, you'll see manufacturers bragging about how their audio equipment is "Marine Grade". Or worse yet, you'll discover for yourself that they are repackaged components built for automotive applications. MB Quart®, combined with Polaris®, engineers Off-Road Grade Audio equipment that's proven to deliver the loudest, crispest sound in the harshest conditions. Rain, snow, mud, heat, cold, dust—ANY PLACE YOUR RZR® EXCELS, SO WILL YOUR AUDIO.

DOMINATE ANY ENVIRONMENT

CHECK OUT THE FOLLOWING PAGES TO FIND YOURS

# TIRES

Polaris<sup>®</sup> and Pro Armor<sup>®</sup> developed a deep partnership thanks to having similar histories and a passion for producing products that enhance vehicle performance. Each wheel and tire Pro Armor® designs and engineers for Polaris® off-road vehicles performs perfectly in the intended environment for its intended use. Developed, tested, and produced in partnership so you can tackle the terrain ahead.

# 10-PLY

Pro Armor® builds the toughest tires to keep you running when the terrain turns tough. A higher ply rating means added protection. Choose your tire and ply rating based on use and overall performance needs.

#### DUAL COMPOUNDS

You don't ride or drive in just one type of terrain, so Pro Armor® builds certain tires with multiple wear zones. A dual-durometer design allows the tire to wear better with softer outer lugs and harder inner lugs.

TIRE: DUAL-THREAT

WHEEL: BUCKLE ACCENT

#### TRIPLE-BELTED SIDEWALLS

Sidewalls can be a vulnerable area of any off-road tire. Rocks jump out at your machine and tear into sidewalls. Thanks to reinforced construction in this critical area, Pro Armor® resists when others fail.

#### TORTURE-TESTED TOUGH SIDEWALLS

Most tire makers only test puncture resistance in the tread and along the bead. In the toughest terrains you're more likely to puncture the sidewall. Pro Armor® builds its tires with triplebelted sidewalls, minimizing the chance of a puncture in that area. We also tested against the competition at Smithers Rapra, an independent facility with experience in the tire industry (Smithers.com). The results are clear.

MAXXIS®

MAXXIS\* 162 LBS BIGHORN 2.0

150 LBS

**TEST AREAS** 

# 3,000 MILE RATED

Pile on the miles with Pro Armor tires. Every tire is designed and constructed with longevity in mind. With ratings of 4,828 kilometers and beyond, you are assured long life and performance.

**KNOW YOUR TIRES** 

DIMENSIONS 28"×9" R14

TIRE TIRE WHEEL HEIGHT WIDTH DIAMETER

TREAD DEPTH A deeper tread means more grip and cleaner performance

WEIGHT A lighter tire makes for improved vehicle PLY RATING Indicates the overall load capability of the tire

SIDEWALL BELTS Sidewall belts increase sidewall punctures

LOAD RATING Tires with higher load more weight

PADDLE DEPTH Increases grip in the sand

#### FEATURES

- Dual-compound technology and radial construction offers performance in
- Radial construction

TREAD PATTERN

# **DUAL-COMPOUND = MORE GRIP**

Dual-compound tires feature both a softer durometer rubber on the outer edge of the tire, and a harder durometer rubber in the middle. This gives the tire the perfect balance between high-speed performance with durability and excellent flex in order to grip slick rock or hard pack.

#### **PRO ARMOR® DUAL-THREAT**

# WHEEL & TIRE SETS

These wheel and tire sets by Pro Armor® are paired to deliver maximum performance for your RZR®. The chart lists all possible combinations that work together and each of the vehicles on which they fit. Choose your preferred tire along the top, and pair it with your preferred wheel on the side. The corresponding square lists the part number for a complete four wheel & tire set.

Amplify, Buckle & Combat do not fit RZR '18 XP1000/XP1000 4 or RZR '18 Turbo/Turbo 4

#### **PREMIUM TIRE SEALANT**

- Instantly seals and repairs rim, bead leaks, and punctures up to 1/4" on standard tires, and 3/4" on heavy ply tires
- Helps maintain air pressure for the life of the tire
- Helps seal the tire bead against
- 100% water soluble for
- » 32 OZ. 2830484 **\$22** \*\*
- » 1 GALLON 2830485 **\*79** \*\*
- » 5 GALLON 2830486 \$335 99

- · Will not rust, corrode, or
  - · Creates permanent repair
  - Remains fluid and effective in temperatures down to -45° F
  - Easily installed through existing tire valve stem with valve core
  - » 5 GALLON PUMP 2830487
  - » 55 GALLON 2830489
  - » 275 GALLON 2830488

#### **NO MODIFICATIONS**

**NEEDED FOR INSTALLATION.** Add a custom look that sets you apart from the crowd. This custom cage offers all the safety standards and accessory mounting locations you need, but with a completely new look for your *RZR*°. Add even more customization with a rear plate and a roof.

#### BARRICADE CAGE SYSTEM WITH EXTENSION

» 2882558-458 • \$1,**934** 99

#### FULL ROHVA COMPLIANCE

The Barricade Cage System meets ANSI/ROHVA 2016-1 ROPS standards, developed and tested by the Recreational Off-Highway Vehicle Association.

VISIT ROHVA.ORG FOR MORE INFORMATION.

#### BARRICADE CAGE SYSTEM

- ROHVA-compliant, single-piece, fully-welded roll cage
- 3" lower profile than stock cage for true custom look
- High-quality powdercoat and E-coat finish
- Works with Polaris\* Poly Half Windshield

BLACK 2881986-458 • \$1,28999

# POLY

#### LOCK & RIDE

#### POLY SPORT ROOF TOPSELLER

- Rigid injection-molded design to eliminate warping in highheat conditions
- · Integrated mounting locations for lighting

- · Rugged, textured polyethylene construction for impact and abrasion resistance
- Aggressive styling to match the RZR\* design

#### **GRAPHIC SPORT ROOF**

- Weighs only 11 lbs (30% lighter than aluminum)
- Easy installation
- Won't bend or break upon impact with debris or other obstacles

• Sun roof lets some sunlight through while keeping you shaded from the heat

# ALUMINUM

#### ALUMINUM ROOF TOP SELLER

• Strong and durable 5051

aluminum construction for

long-lasting, reliable protection

- Give your RZR" a sharp look with this brushed aluminum roof
- · Seals to the vehicle frame for the best protection and great integration with other RZR® accessories

# CANVAS

#### **CANVAS ROOF**

- Durable, heavyweight 23 oz. polyester canvas construction
- provided straps

• Installs quickly and easily with

 Mold-resistant and UV-stable to resist fading for longlasting performance

A CUSTOM WRAP IS THE PERFECT WAY TO EXPRESS YOUR PERSONALITY. From a mild finish that compliments the lines of your machine to a wild graphic scheme that allows you to stand out, Polaris® gives you the ability to make your RZR® completely your own, through UTVFX Graphics and its WrapR Online graphics app.

- Use the WrapR App to design your custom wrap for your RZR® on your handheld device or computer by visiting utvfxgraphics.com
- You are able to visualize the final product on your specific machine by picking from multiple RZR<sup>®</sup> models inside the app
- More than 3 million unique combinations of colors and graphics are possible
- Turnaround time is fast, with order through production and shipping within 24 hours

- Easy to install with air-release channels built into the adhesive, this helps eliminate bubbles when applying the wrap
- Built to survive the off-road world, with a 16-mm thick vinyl/laminate combination—3x as thick as the closest competitor
- Return or exchange product, no questions asked, within the first 10 days. Also provide replacements at material cost within the first year of purchase

TAKE YOUR REARVIEW MIRROR BEYOND what you thought possible with this high-tech accessory. Record and share your ride, see what is behind you when backing up with the infrared night lighting.

#### DVR MIRROR TOP SELLER

- Installs easily: mount bolts right into the ROPS of your
- Neck-saving rear view camera keeps riders in view and assists when backing up
- Hard-mounted wide-angle front camera is adjustable to accommodate viewing height
- Fully-functioning mirror with behind-glass display
- High-resolution screen is easy to see in high- and low-light conditions

#### SPECIFIC NEEDS, SPECIFIC OILS

Polaris® invests millions in engine development, and part of that investment is making sure its lubricants-critical to engine performance-are the right formula for your specific engine. The amount of testing data and engineering resources used in developing Polaris<sup>®</sup> lubricants would overwhelm an aftermarket company. Therefore, the aftermarket must spec an oil to an industry-wide standard that must account for a variety of operating parameters.

PS-4 is designed specifically for Polaris® 4-cycle engines and has high film strength and wear protection under extreme loads and temperatures. Exclusive anti-wear additives protect engine parts with extra rust and corrosion protection.

#### **PS-4 FULL-SYNTHETIC OIL**

#### POLARIS® PS-4

THE COMPETITION

Polaris® PS-4 oils exceed the latest industry protection standard as set by the API, while the etition uses standards from years ago. Ou etary additives clean and protect critical engine parts under high operating temperatures.

When tested against competitive oils, camshaft bearing races and lobes exhibit less wear when protected by Polaris' PS-4 oil.

# 25% BETTER PROTECTION AT HIGH TEMPS PS-4 stronger viscosity protection for gears, cams and 40wt. oils

WHY VISCOSITY MATTERS: Polaris® engines are designed to operate using oils rated at a specific viscosity. Viscosity is the measure of an oil's nce to flow and shear and a way to gauge an oil's "film strength", which is a critical com preserving engine life when an oil is subject to high heat or heavy loads.

#### **ENGINEERED TO** MAXIMIZE THE LIFE OF YOUR RIDE

All Polaris® fluids-from antifreeze to brake fluid-are developed for your vehicle. Trust the only fluids perfectly engineered for your needs.

#### **AGL**

A proprietary blend of additives designed to optimize Polaris® ORV transmission life. Extreme pressure additives protect gears, drive chain, and bearings from scoring and wear. Unlike typical gear case oils. AGL's unique viscosity range allows instant flow and film protection in extreme cold or high heat environments

#### THE KEY TO KEEPING YOUR POLARIS® OFF-ROAD VEHICLE PERFORMING

as well as the day you brought it home is proper maintenance. Items like belts, filters and batteries represent only a few of these critical items engineered specifically by Polaris®.

CHECK OUT OUR **PARTS FINDER ON POLARIS.COM** FOR EASY PARTS LOOK-UP. PARTS IDENTIFICATION. VIEWS OF ASSEMBLIES AND MORE!

#### POLARIS ENGINEERED™ **DRIVE BELTS**

Polaris Engineered<sup>™</sup> belts deliver unmatched performance for your off-road vehicle. Our belts are developed and tested on all our engines for all environments and conditions. This ensures it doesn't merely fit your vehicle-it outperforms your expectations.

#### TESTED, PERFECTED

We test each belt on the intended vehicle - we don't try to make an existing belt "just work." The tolerances are tighter than aftermarket alternatives, meaning less heat for your engine, and you won't have to recalibrate your clutch in order to run at the engine's optimal RPM. Aftermarket belts fluctuate in and out of the optimal power band, which means more wear on your clutch and more maintenance needed to maintain power.

#### **OUR INVESTMENT**

We average **32,186** km of field testing and thousands of dyno hours on each engine to ensure the Polaris® drive belt on your machine gives you peak performance with each and every ride.

POWERFUL, PORTABLE, DURABLE. These digital inverter generators are built to match your outdoor lifestyle, and are tested to the same rigorous standards as every Polaris® product. The 1000-watt generator is best for running a single device with low wattage requirements. The 2000-watt generator runs multiple devices with added surge protection and start-up wattage. The 3000watt generator handles high-output needs and runs multiple devices. It also includes electric start for ease of use when needed.

#### WHICH GENERATOR FITS YOUR NEEDS?

START by adding up the running watts of everything you might power at the same time. (use the chart on below)

NEXT, pick the device with the highest running watts, and add its starting watts to the previous total.

NOW you have the total amount of watts you need from your generator. Select a generator with a slightly higher wattage.

Startup Running Wattage Wattage 55" LCD TV 150 0 CROCK POT 500 RADIO 50-200 LAPTOP 200-250 625W MICROWAVE 625 FRIDGE OR FREEZER 700 700 COFFEE MAKER 1300 800 SUMP PUMP: 1/3 HP 1300 800 1000 BLENDER 1000 ELECTRICAL GRIDDLE 1500 71/4" CIRCULAR SAW 1700 1400 1500

#### POLARIS® FLEX JUMPSTARTER

12,000 mAh capacity. Two 5V/2.1A USB outputs, 200-lumen flashlight and a digital battery life monitor. Includes storage case, smart jumper cables, car charger, wall charger, and user guide. 1-year limited warranty.

» 2830495 · \$143 99

Never let a dead vehicle battery slow you down again. The Polaris® Flex Jumpstarter is a compact solution that provides the power to get your ride started. Flex is small enough to be stored in your glovebox, and holds its charge so you can count on it when it's needed. In addition to being able to jumpstart ATVs, ORVs, snowmobiles, motorcycles, cars, & trucks, Flex can also charge any USB capable device through its dual USB outlets. Flex has the ability to jumpstart up to a 6.4L engine.

# **BatteryMINDer®**

Make sure your vehicle's battery is properly maintained and ready for when you need it the most with a BatteryMINDer®. A tired battery is waiting for the perfect time to ruin your day, so make sure it gets charged and cycled properly. Easily one of the most essential pieces of equipment every garage needs.
