

ACCESSORIES 2015

STOCK IS JUST THE START.

A side-profile photograph of a red and silver Victory motorcycle parked in a large, well-lit garage. The motorcycle is positioned diagonally, facing towards the upper left. It features a large, multi-spoke front wheel, a prominent V-twin engine, and a large black leather seat. The background shows the interior of a garage with white walls, a concrete floor, and a high ceiling with exposed steel trusses and hanging lights. The overall tone is clean and professional.

RISE UP WITH BARS THAT LET YOU HANG IT ALL OUT

HOLY SHIFT.

GET LOW-DOWN AND PUT YOUR FEET ON THE GROUND

GET MORE ROCK WITH YOUR ROLL

LOWER YOUR TONE TO A DEEP DOWN GROWL

WELCOME TO THE GARAGE.

No doubt about it, Victory® makes bikes that perform and look great. But when it's time to make *a Victory® your Victory®*, roll on up to the garage and adjust your bike's attitude: Victory® Engineered Accessories give you the freedom to take it up before you take it out. Whether you want to go farther on your Cruiser, beef up your Bagger or top off your Tourer, the choice is yours. So take your bike on a ride from stock to shock and make jaws drop.

Your Victory® isn't an afterthought and your parts shouldn't be either. Victory® Accessories are engineered from the road up – they look right, fit flawlessly and are tested beyond the life of your vehicle. When you're ready to hit the open road, add accessories engineered by Victory® and pile on the miles.

NO SHAKE. NO RATTLE. JUST ROLL.

EXHAUST

& PERFORMANCE

EXHAUST YOUR OPTIONS.

Sounds as good as it looks and looks as good as it sounds. When you add a Victory® Engineered Exhaust made for your machine, you get bold performance, seamless integration and a deep tone. So smoke the aftermarket competition and customize your bike with performance pipes that run deep.

Victory® Performance kits are designated for racing applications. Each kit is designated with a warning triangle to indicate the restrictions that may apply. See the information at right regarding potential regulatory penalties for inappropriate installations.

▲ This kit meets the SAE J2825 stationary sound test standard. This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits.

A-D. STAGE 1 TRI-OVAL EXHAUST

Make that engine growl. Designed specifically for a Bagger rider's needs, with the ideal mixture of performance and sound. The new Stage 1 Exhaust system gives a Cross model a throatier, richer exhaust note. It also lets the Freedom® engine breathe more freely so a rider feels a crisper throttle response and acceleration.

- Premium single-piece design
- Compliant with the SAE J2825 sound standard
- Does not void the factory warranty
- Meets EPA and CARB emission limits
- Dealer installation required
- Kit includes: Performance air filter, EFI recalibration by authorized Victory® dealer and Victory® Performance pipes

E. STAGE 1 EXHAUST

Designed with the touring rider in mind, the ideal balance of performance and sound. Unleash additional performance and enjoy a distinctive exhaust note with this Stage 1 Exhaust. It replaces the internal elements of the exhaust but utilizes the stock heat shields. In conjunction with the Performance Air Filter (included) and EFI recalibration (performed by a Victory® dealer), it allows the engine to breathe more freely and deliver enhanced horsepower and torque. This kit meets the SAE J2825 stationary sound test standard.

AUDIO

BUILD YOUR EXTREME AUDIO

STEP ONE: CHOOSE YOUR SADDLEBAG AUDIO LID COLOR

**1. EXTREME SADDLEBAG AUDIO LIDS** (AVAILABLE DECEMBER 2014)

Satisfy your music craving with surround sound on the road using a set of color-matched Extreme Saddlebag Audio Lids that hold Extreme Saddlebag Audio Speakers (sold separately). Audio from the lids complements output from fairing mounted speakers and trunk speakers of models equipped with a trunk for full scale, high quality audio. These lids pair with weatherproof, marine-grade speakers that seal into saddlebag lids for outstanding performance in all conditions.

STEP TWO: ADD YOUR SPEAKER/TRIM

NEW

2. EXTREME SADDLEBAG AUDIO SPEAKERS AND TRIM (AVAILABLE DECEMBER 2014)

Pair your Extreme Saddlebag Audio Speakers with Extreme Saddlebag Audio Lids (sold separately) to personalize your ride with dramatically increased audio output. These complement output from fairing-mounted and trunk speakers to create powerful surround sound. This kit includes the Speakers and Speaker Trim.

- 100 Watt premium Audio System
- Two 6x9 component speakers

• Weatherproof, marine-grade materials

CROSS COUNTRY™ AUDIO KIT

NEW

A. CROSS COUNTRY™ EXTREME 6 SPEAKER AUDIO KIT (AVAILABLE DECEMBER 2014)

This Cross Country™ Extreme 6 Speaker Audio Kit doubles the audio output of a Victory® Motorcycle's fairing-mounted audio. This system includes two units – each with three powerful, premium-quality speaker components – that directly replace the stock speakers in the fairing and produce superior sound and volume. It also includes a 50 Watt AMP kit. The result is six outstanding speakers providing world-class audio from the fairing.

- 100 Watt Audio System
- Material: Weatherproof, marine-grade speaker material for reliable performance in all conditions
- Kit Includes: Cross Country™ Extreme 6 Speaker fairing Audio System with black speaker grills, Extreme 6 Speaker Audio Amp and installation instructions
- Installation: Speakers replace stock fairing-mounted speakers and use stock wiring

F. PASSENGER ARMREST KIT

A Victory® Cross Bike passenger will ride in extra comfort with this Passenger Armrest Kit. These armrests mount to the trunk and provide comfortable, sturdy platforms for the passenger's arms. Each armrest swivels outward to provide ample room for getting on and off the bike. The underside of the armrest has a fitting to accept a RAM ball mount (PN 2877371) for attachments such as a cup holder.
2878300 | CCT, CC, CR, HDB
Requires Lock & Ride® Trunk (PN 2878113-XXX, depending on trunk color)

G. CROSS COUNTRY™ SUPER LOW SEAT

This Super Low Seat positions the rider 1" lower and slightly farther forward for maximum reduced reach comfort. This vinyl-covered seat is ideal for riders seeking more confident footing on the ground when the bike is stopped without affecting cornering clearance.
2880770 | CCT, CC, M, CR, HDB

H. CROSS COUNTRY™ MAGNUM™ SEAT

This premium-quality seat has cut-and-sew construction featuring multiple materials and elevates the style of a Victory Motorcycle®. It features durable vinyl with contrast stitching and a flowing silhouette, and it displays a Victory® logo.
2880774 | M, CC, CR, HDB

I. HEATED TOURING SEAT

In cold weather, a Cross Bike driver and passenger can both enjoy heated seats. Each seat has its own heat control with Hi and Low settings, and with the heating element inside this seat, the driver is positioned .6" (1.5cm) farther forward than on a stock seat. Easy to install seat and connect wiring. Limits how far saddlebag lid will open on soft bags.
2878625 | CCT, CC, M, CR, HDB

J. HEATED LOW RIDER SEAT

This Low Rider Seat gives a bike a stylish, custom look with its narrower silhouette. It moves the driver forward for easier reach to the controls and lowers the seat height approx. 1". Limits how far saddlebag lid will open on soft bags.
2877825 | CCT, CC, M, CR, HDB

K. TOURING COOL AIR PAD

Enjoy a cooler seat and a better ride. This Air Pad provides a driver with enhanced seat cushioning and cooling seat airflow. The enhanced comfort will keep a touring rider fresher longer.

- Mesh top promotes cooling airflow
- Cushioned foam insert provides comfort and support
- Easy install/removal using two elastic underseat straps

ELECTRONICS

COMMUNICATION & NAVIGATION

A. KEYLESS IGNITION AND ALARM

With just a key fob and push of a button, Victory® owners can create convenience with a secure keyless start. The motorcycle only starts when the key fob is within close proximity of the ignition system; the alarm will sound if there is an attempt to push the engine start button when the key fob is not close by. If the ignition button is pushed and rider walks away, the system will lock and not start until rider is back by the bike. The system connects to the motorcycle's wiring harness and includes a backup unlock button from key fob.

LIGHTS

LIGHT YOUR WAY.

Victory® Beacon LED Headlights let you see more of the road. With high-intensity and long-lasting lighting engineered by Victory®, there's no need to keep the kickstand down when the sun sets. So get the LED out and see well into the future.

A-B. BEACON LED HEADLIGHT

The Beacon LED Headlight not only provides more visibility to see other traffic and obstacles, but also makes you more visible to other motorists and pedestrians. This is a premium, high-intensity light that illuminates the road and requires no additional amperage than a stock headlight.

A. 2880769-156 | Chrome, CCT, CC, CR, HDB, Cruisers '07-15*

B. 2880769-266 | Black, CCT, CC, CR, HDB, Cruisers '07-15*

*Fits Touring and Bagger with Bullet Style Headlight

C. HID HEADLIGHT

This High Intensity Discharge (HID) headlight features a xenon gas bulb that's four times brighter and lasts ten times longer than a standard halogen headlight.

2877657 | CC, M, CR, HDB

2875755 | VV

D. PIAA® AUXILIARY LIGHT KIT

Mounts on the forks beneath the main headlight for extra visibility. 35 watts.

2877326 | VV

E. LIGHTED TRUNK EMBLEM

Add distinctive style and enhanced visibility to a Victory Vision® trunk with this Lighted Trunk Emblem. It gives the chrome plate at the rear of the trunk lid red lighting that spells out "VICTORY." The additional lighting at the top of the trunk also makes the bike more visible to motorists, enhancing safety. Fixed lighting; does not function in conjunction with brake lights or turn signals.

2876581 | VV

F. LIGHT BAR

Easy to install, this Light Bar for the Victory Cross Roads™ provides great auxiliary lighting and is housed within easy reach in the Chrome Auxiliary Switch Mount (PN 2877659; sold separately).
