BENNINGTON

LUXURY PERFORMANCE BOATS

BENNINGTON

In 1997, a small group of industry veterans set out with the intent of building the highest quality boats and providing the best service. Those same founders' values are still at the core of Bennington today. We felt then, and still believe that when you do the right thing, everything else falls into place. Bennington is a family run business with multiple generations of families still working in the business today. We invite you to be a part of our Bennington family.

Bennington customers are now offered as standard an industry-leading 10-year bow-to-stern warranty in addition to our lifetime structural warranty, giving you and your family the protection and assurance you deserve. Here at Bennington, we provide you with the finest built pontoon boats in the marketplace and want you, our valued customer, to know that we stand behind that commitment with the strongest warranty protection in the marketplace. Under the 10-year bow-to-stern + lifetime structural warranty, we cover 100% materials, parts and labor with no pro-rating, no third-party hand-offs, no warranty transfer fee and no "read between the lines" statements that leave you second guessing.

WHAT MAKES A BENNINGTON?

Each and every Bennington is designed, engineered and meticulously hand built with the same level of attention. From our entry level S Series to our flagship QX models; every boat is crafted using the highest quality materials. Whether choosing an ultra-premium vinyl, using stainless steel hardware or scrutinizing the selection of the raw materials - Every Detail Matters!

While other manufacturers screw their hulls together Bennington uses our exclusive **Thru-bolt™** technology on each and every hull. This system ensures far less flex providing a stable ride for years of boating pleasure and safety. With a combined experience of over 100 years, our team lives by the philosophy of using the best materials and never cutting corners. We proudly stand behind each and every Bennington with our no hassle 10-year bow-to-stern warranty while covering the deck and hull for a lifetime.

QX SPORT

Aggression embodied, obsession personified; tamed only by those who share an equal passion.
Featured on pages 4 - 7

QX

Its sharp stylish body line and exquisite interior upholstery define the QX series heritage.
Featured on pages 8 - 13

Q

Nautical themes adorn the Q series silhouette making it instantly distinguishable (recognizable).
Featured on pages 14 - 27

RX SPORT

Striking fluent lines and a sporty masculine stance merge together to epitomize luxury sport
Featured on pages 28 - 29

R

Classic elegance, perfect balance of refinement and performance make the R series the most natural feeling boat on the water.
Featured on pages 30 - 37

G

At the nucleus of our heritage is a design language that fuses perfectly sophistication, performance and value; this is the G series. **Featured on pages 38 - 45**

SX PREMIUM

Purposefully poised, but energetic and unimpeded, our SX Premium series is youthfully waiting to be enjoyed. **Featured on pages 46 - 55**

SX

Inspiring the celebration of life on the water; SX adoringly epitomizes our expression of warm, sunny days spent with family and friends. **Featured on pages 56 - 63**

S

Unbiased and profound, the S series provides an unmatched balance of amenities and value.
Featured on pages 64 - 73

PERFORMANCE PACKAGES

Shallow Draft: Helps when navigating shallow waters by riding higher in the water.

K **Keels:** Reinforced guides placed at the bottom of the tube to protect it in shallow water and improve tracking while underway.

PF **Performance Foils:** Similar to a wing of a plane, these are placed on the bottom side of the tubes to provide hydrodynamic lift. Improved acceleration, top speed and stability are added benefits. SPS, ESP and ESP-10 will also dramatically increase the boat's turning performance, especially during heavy banking.

LS **Lifting Strakes:** Add lift, decrease splashing and increase top speed as much as 4.8 miles per hour, depending on engine selection. For optimum performance, lifting strakes are recommended for engines rated 115hp or greater and for boats exceeding 30 mph. Lifting strakes are recommended for 90 hp or greater on boats with twin elliptical pontoons.

HS **Seastar® Hydraulic Steering:** Eases steering effort with higher horsepower engines. Expect two-handed handling in hard turns. Recommended for engines rated 115 hp or engines with 4 cylinders or less.

PS **Power-Assist Hydraulic Steering:** Powered by an electronically controlled hydraulic pump connected to the SeaStar® system. The electric pump "does the work for you" so the driver can expect incredible handling and turning with little effort. Recommended for engines rated 150 hp or greater.

W **Underdeck Wave Shield:** Deflects water from the bottom of the deck, which reduces "surging" and enhances the soft, quiet ride in rough water.

Check with your local dealer for current engine hp certifications for specific models and configurations.

* Illustrations and descriptions depict a typical build. Configurations will vary by specific model, length and options.

32" TWIN ELLIPTICAL

Shallow Draft	Best
Stability	Best
Watersports	Good
Outer Tubes	32" Elliptical
Center Tube	n/a

Bennington's exclusive Elliptical Pontoons combined with lifting strakes, performance foils, solid round keels and an under deck wave shield offer incredible two-tube performance. Each elliptical pontoon adds over 1,000 lbs. of additional buoyancy, allowing the boat to sit higher and run faster. These pontoons increase stability both fore and aft as well as side to side. Available as a Freshwater or Saltwater package. Saltwater package includes Saltwater anodes, sealed lifting strakes/performance foils, and underdeck wave shield.

K PF LS

EXPRESS

Shallow Draft	Good
Stability	Good
Watersports	Better
Outer Tubes	25"
Center Tube	25" Express Length

The Express Tube Package offers increased bow lift for lighter, lower horsepower engines. Package includes a modified center tube with lifting strakes and a modified wave shield. Add SeaStar® hydraulic steering for engines greater than 115 hp (25" tubes required).

K LS HS W

SPS & SPS+

Shallow Draft	Good
Stability	Better
Watersports	Best
Outer Tubes	25″
Center Tube	25″ Full Length

SPS offers handling and performance characteristics similar to ESP in a lighter, more affordable package. SPS is designed for 4 cylinder engines 200 hp or less. The package includes 3 full-length 25" diameter pontoons, lifting strakes on the center pontoon, performance foils on the inside of the outer pontoons, solid round keels, under deck wave shield, SeaStar® hydraulic steering and a 32-gallon transom fuel tank on select models. SPS outer tubes use .080 thick aluminum and the center is a combination of .080/.100

SPS+ is for engines over 200hp and has heavier duty construction similar to ESP. Upgrades include a composite transom, additional brackets, internal bracing, weld spacing and an aluminum thickness of .100 throughout.

K PF LS HS PS W

ESP

Shallow Draft	Better
Stability	Best
Watersports	Best
Outer Tubes	25″
Center Tube	32″ Elliptical

Top of the line in performance for boats with 8' 6" beams. Offers enhanced stability and water displacement with quick planing and handling characteristics that rival a fiberglass sport boat. Designed for high horsepower applications, ESP is optional on outboard models and comes standard on all I/O models. It includes two 25" diameter outer pontoons with performance foils, splash fins and .100 gauge aluminum, a patented 32" Elliptical center pontoon with lifting strakes and an under deck wave shield. The Power-assist steering option and a center fuel tank upgrade is recommended for boats equipped with engines rated at 200 hp or greater and is required on full windscreen models.

K PF LS HS PS W

ESP-10′ WIDE-BEAM

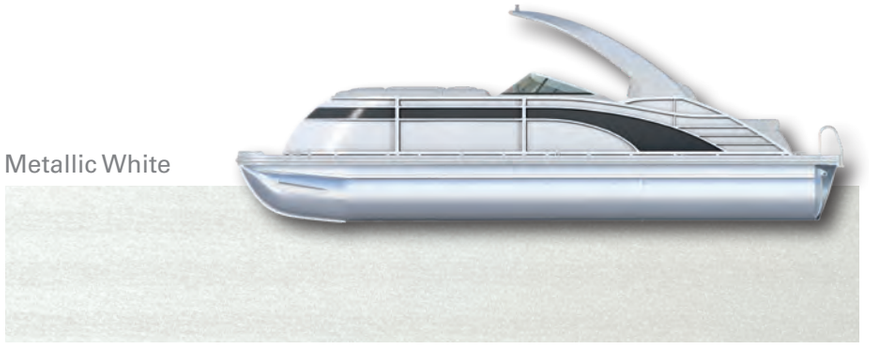

Shallow Draft	Good
Stability	Best
Watersports	Good
Outer Tubes	32″ Elliptical
Center Tube	32″ Elliptical

The ESP-10 is engineered to provide peak performance on a 10 foot wide-beam boat. It includes performance foils, lifting strakes, splash fins, three 32" wide elliptical pontoons made of .125 gauge aluminum internally reinforced. (Single engine model shown, also available as twin engine configuration.)

ADDITIONAL OPTIONS

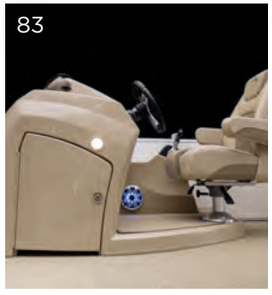

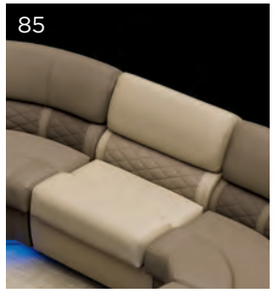

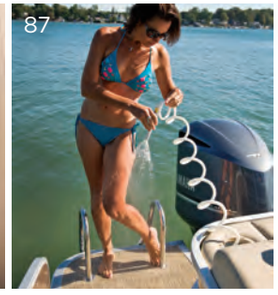

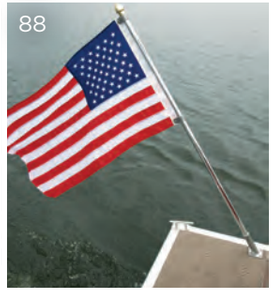

TOPS, ARCHES & TOWERS

From the fabric to the fittings, Bennington has engineered its tops for effortless functionality & ultimate longevity.

89	Standard Bimini
90	Cladded Sport Arch
91	Sport Tower
92	Open Sport Arch
93	Double Bimini
94	Power Curved Bimini
95	Curved Bimini

Availability varies by model and configuration. SportTower and Open Arches are not available on 10' wide-beam boats.

SALTWATER READY

Equip your Bennington for saltwater environments with features like sacrificial Navalloy™ anodes, sealed lifting strakes. Additional standard features—including our cover clip system, corrosion-proof bimini fittings, & anodized railings—ensure your Bennington will look as good as it performs for years to come*.

*Routine Maintenance Required

BENNINGTON WARRANTY

Industry-leading 10-year bow-to-stern + lifetime structural warranty.

Lifetime Structural Warranty**

As an owner of a new Bennington, you receive a Limited Lifetime Warranty on the structure, pontoons, gates, channels, motor mount & rotomold seat frames. If anything goes wrong, we will fix it. Season after season, your Bennington will be ready.

Lifetime Deck Warranty**

As an owner of a new Bennington, you receive a Limited Lifetime Warranty on the 7-ply, pressure-treated, marine grade decking. Since they fasten the rails & deck directly through the under structure, Bennington decks flex less & will provide you with a lifetime of enjoyment.

10-Year Bow-to-Stern Warranty*

As the original owner of a new Bennington, the first ten years are covered directly by Bennington. All materials and workmanship are covered by us, including flooring, electronics, and upholstery. No hassles, no worries, no hand-offs. It's simple. Your dealer will register the warranty for you upon delivery of your new boat. Your engine is covered by the engine manufacturer's stated warranty.

Transferable Warranty**

Bennington warranties are transferable through your local Bennington dealer adding to the resale value of your boat. The warranty period begins on the original owner's new boat purchase date. If the boat is sold during its warranty period, the standard warranty coverage will carry over to the new owner for the remainder of the original 10 year warranty—once the warranty is transferred through an authorized Bennington dealer.*

No Hand-Off To Suppliers

Bennington doesn't hand off warranty responsibilities to its suppliers. When it comes to warranty claims, your Bennington dealer will take care of it directly with Bennington. After all, no one cares more about your satisfaction than Bennington does.

No Pro-Rating

Bennington boats carry the same valuable warranty whether it's the first day or the last day of the warranty period. Bennington does not use a declining scale of coverage in its warranty, also known as pro-rating.

Partnership With Our Dealers

Bennington dealers receive 100% of the retail shop labor rate for warranty repairs. This ensures that your warranty work is a priority & completed quickly with your satisfaction in mind.

Excellence In Customer Satisfaction

Bennington has earned the Customer Service Index (CSI) award for "Excellence in Customer Satisfaction" an industry leading 21 times-every year since its inception. Given by the National Marine Manufacturer Association, the CSI Award recognizes manufacturers who receive exceptional satisfaction scores for boat, engine, & dealer experience.

* Please visit www.BenningtonMarine.com for specific warranty details and to register your boat.

BENNINGTON DESIGN CENTER

Visit our new Virtual Design Center
at www.BenningtonMarine.com

Begin building your new Bennington. With over 200 models, 13 exterior and 4 interior colors both with endless accent combinations and tons of options for every type of boater, we encourage you to be inspired and create a Bennington that is uniquely yours!

Once you've built your virtual Bennington visit your local Bennington dealer and experience firsthand the level of personal attention you deserve!

The Bennington family, including our dealers, employees, and suppliers, have an incredibly bright future, and we thank each one of you for the work ethic, dedication, and loyalty that goes into our brand. We also value the importance of our heritage- a focus on being the best, not the biggest, that is still the core of Bennington today. Thank you for being a part of the Bennington family.

Celebrating Life On The Water
